

# PocketCampus

## Portfolio – Education

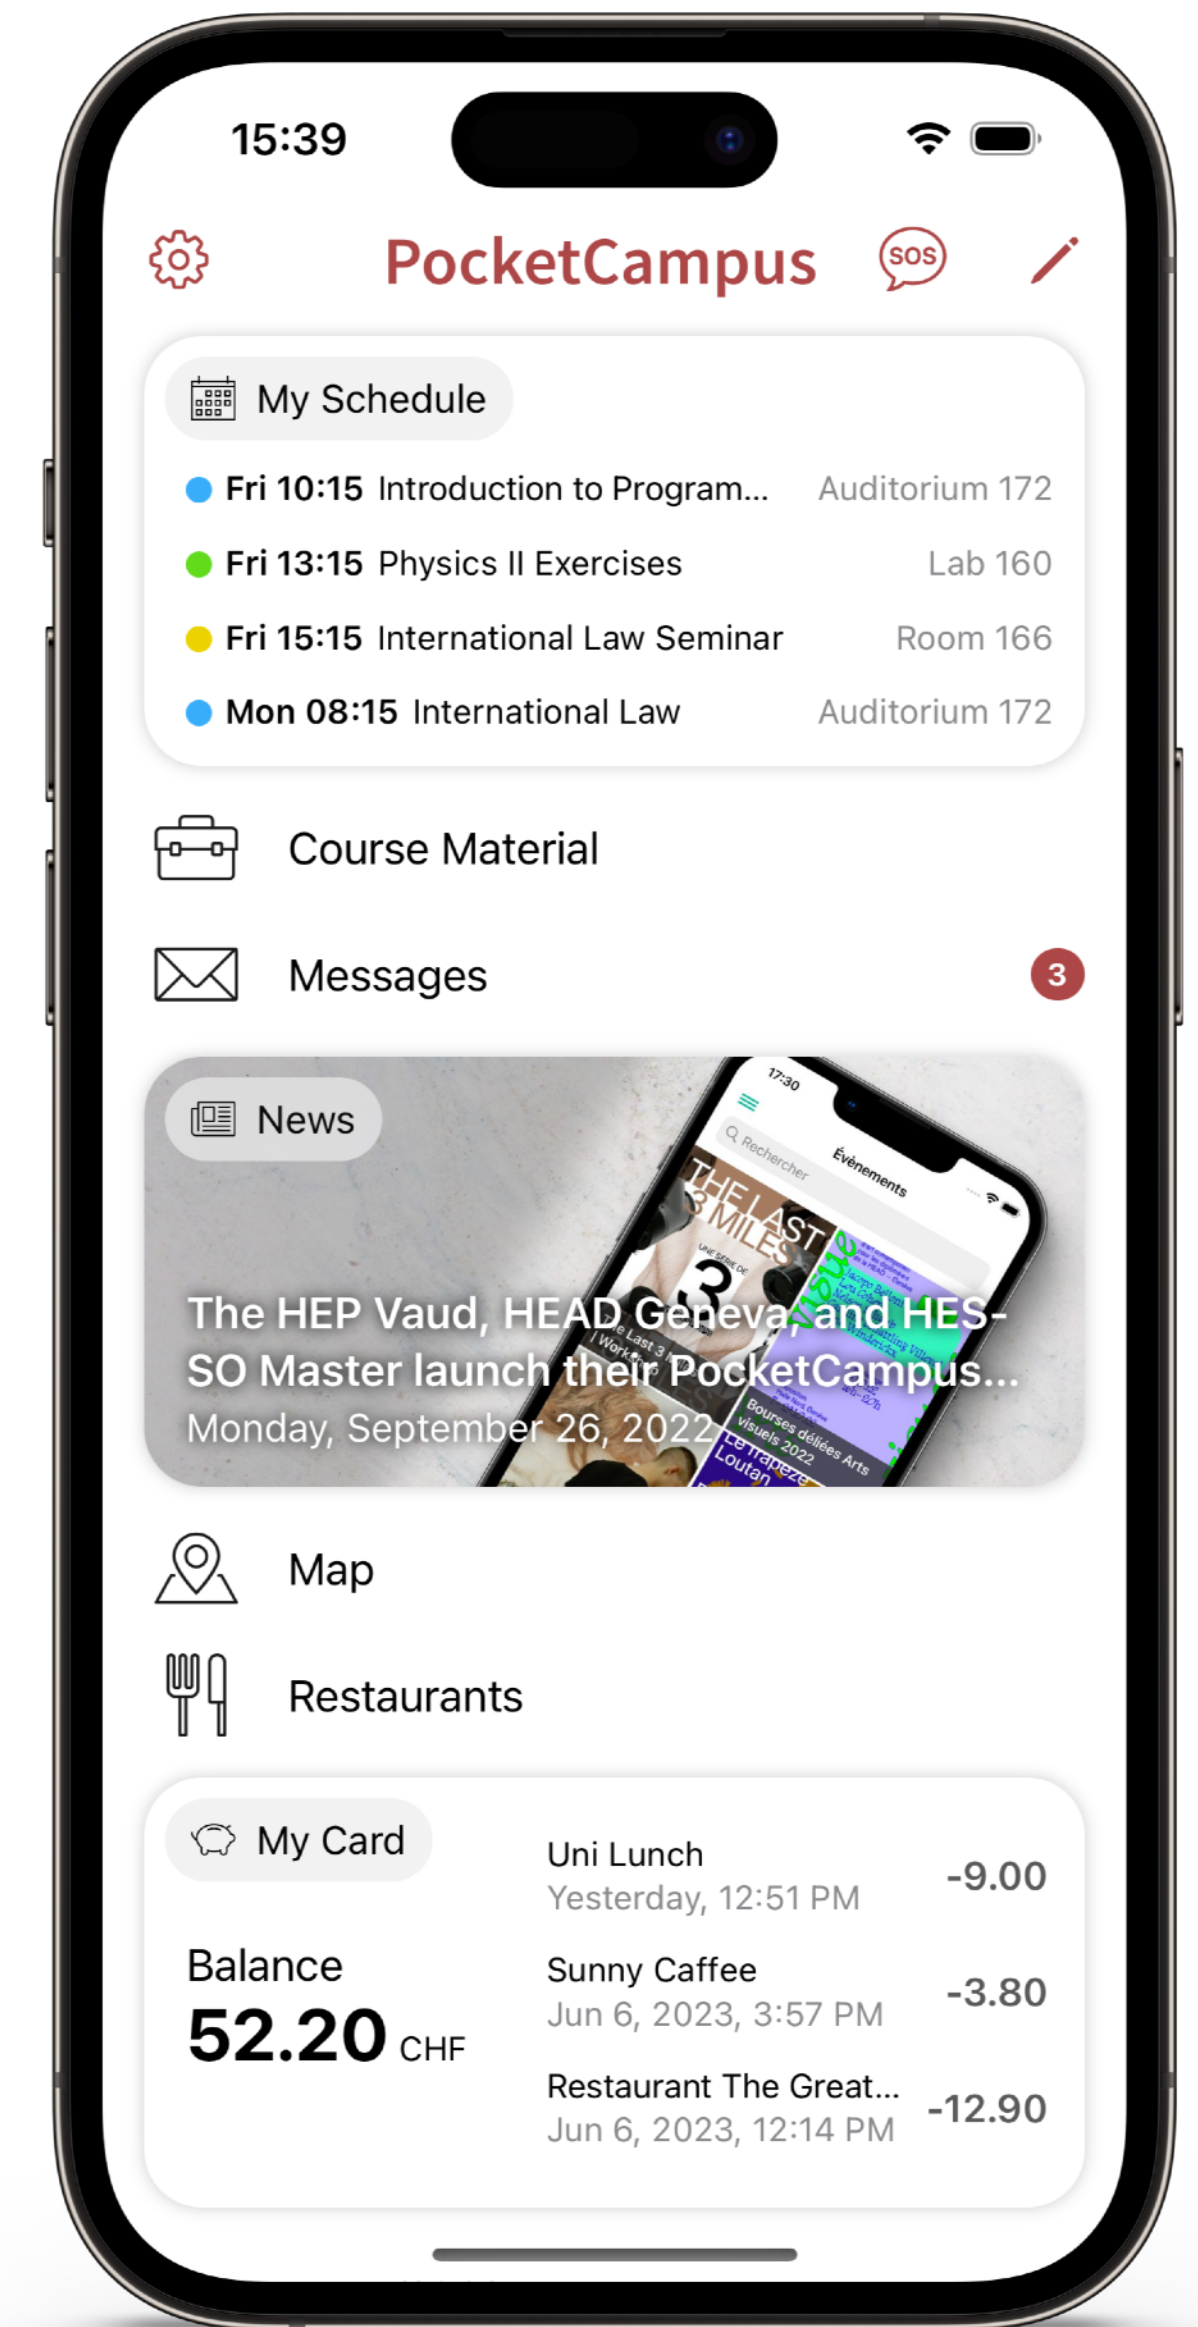

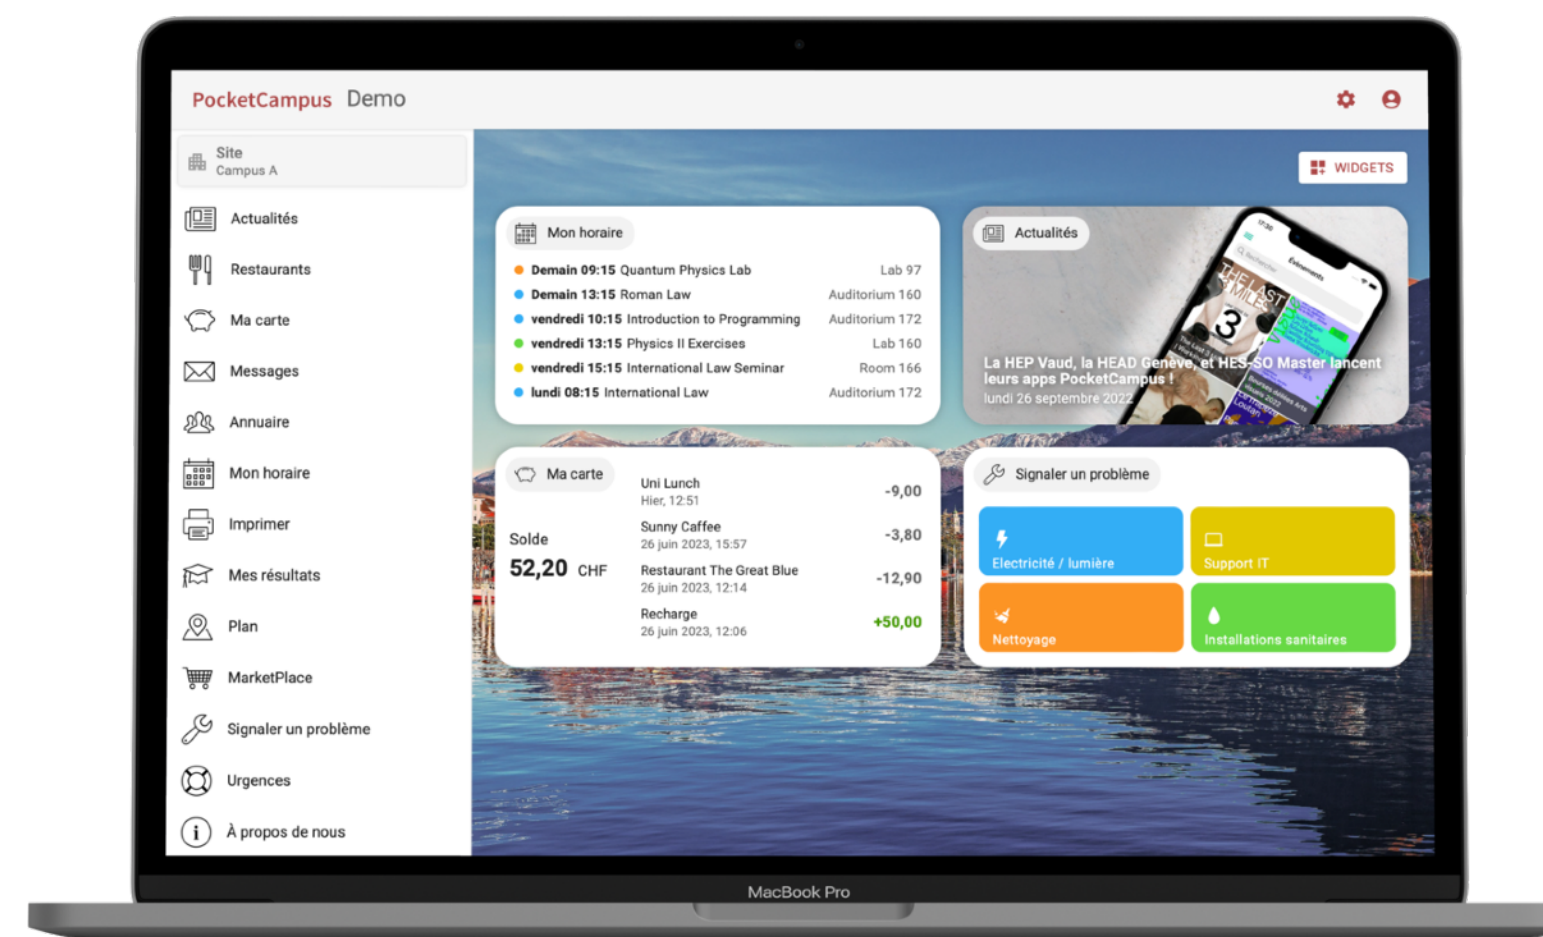

March 2025 version

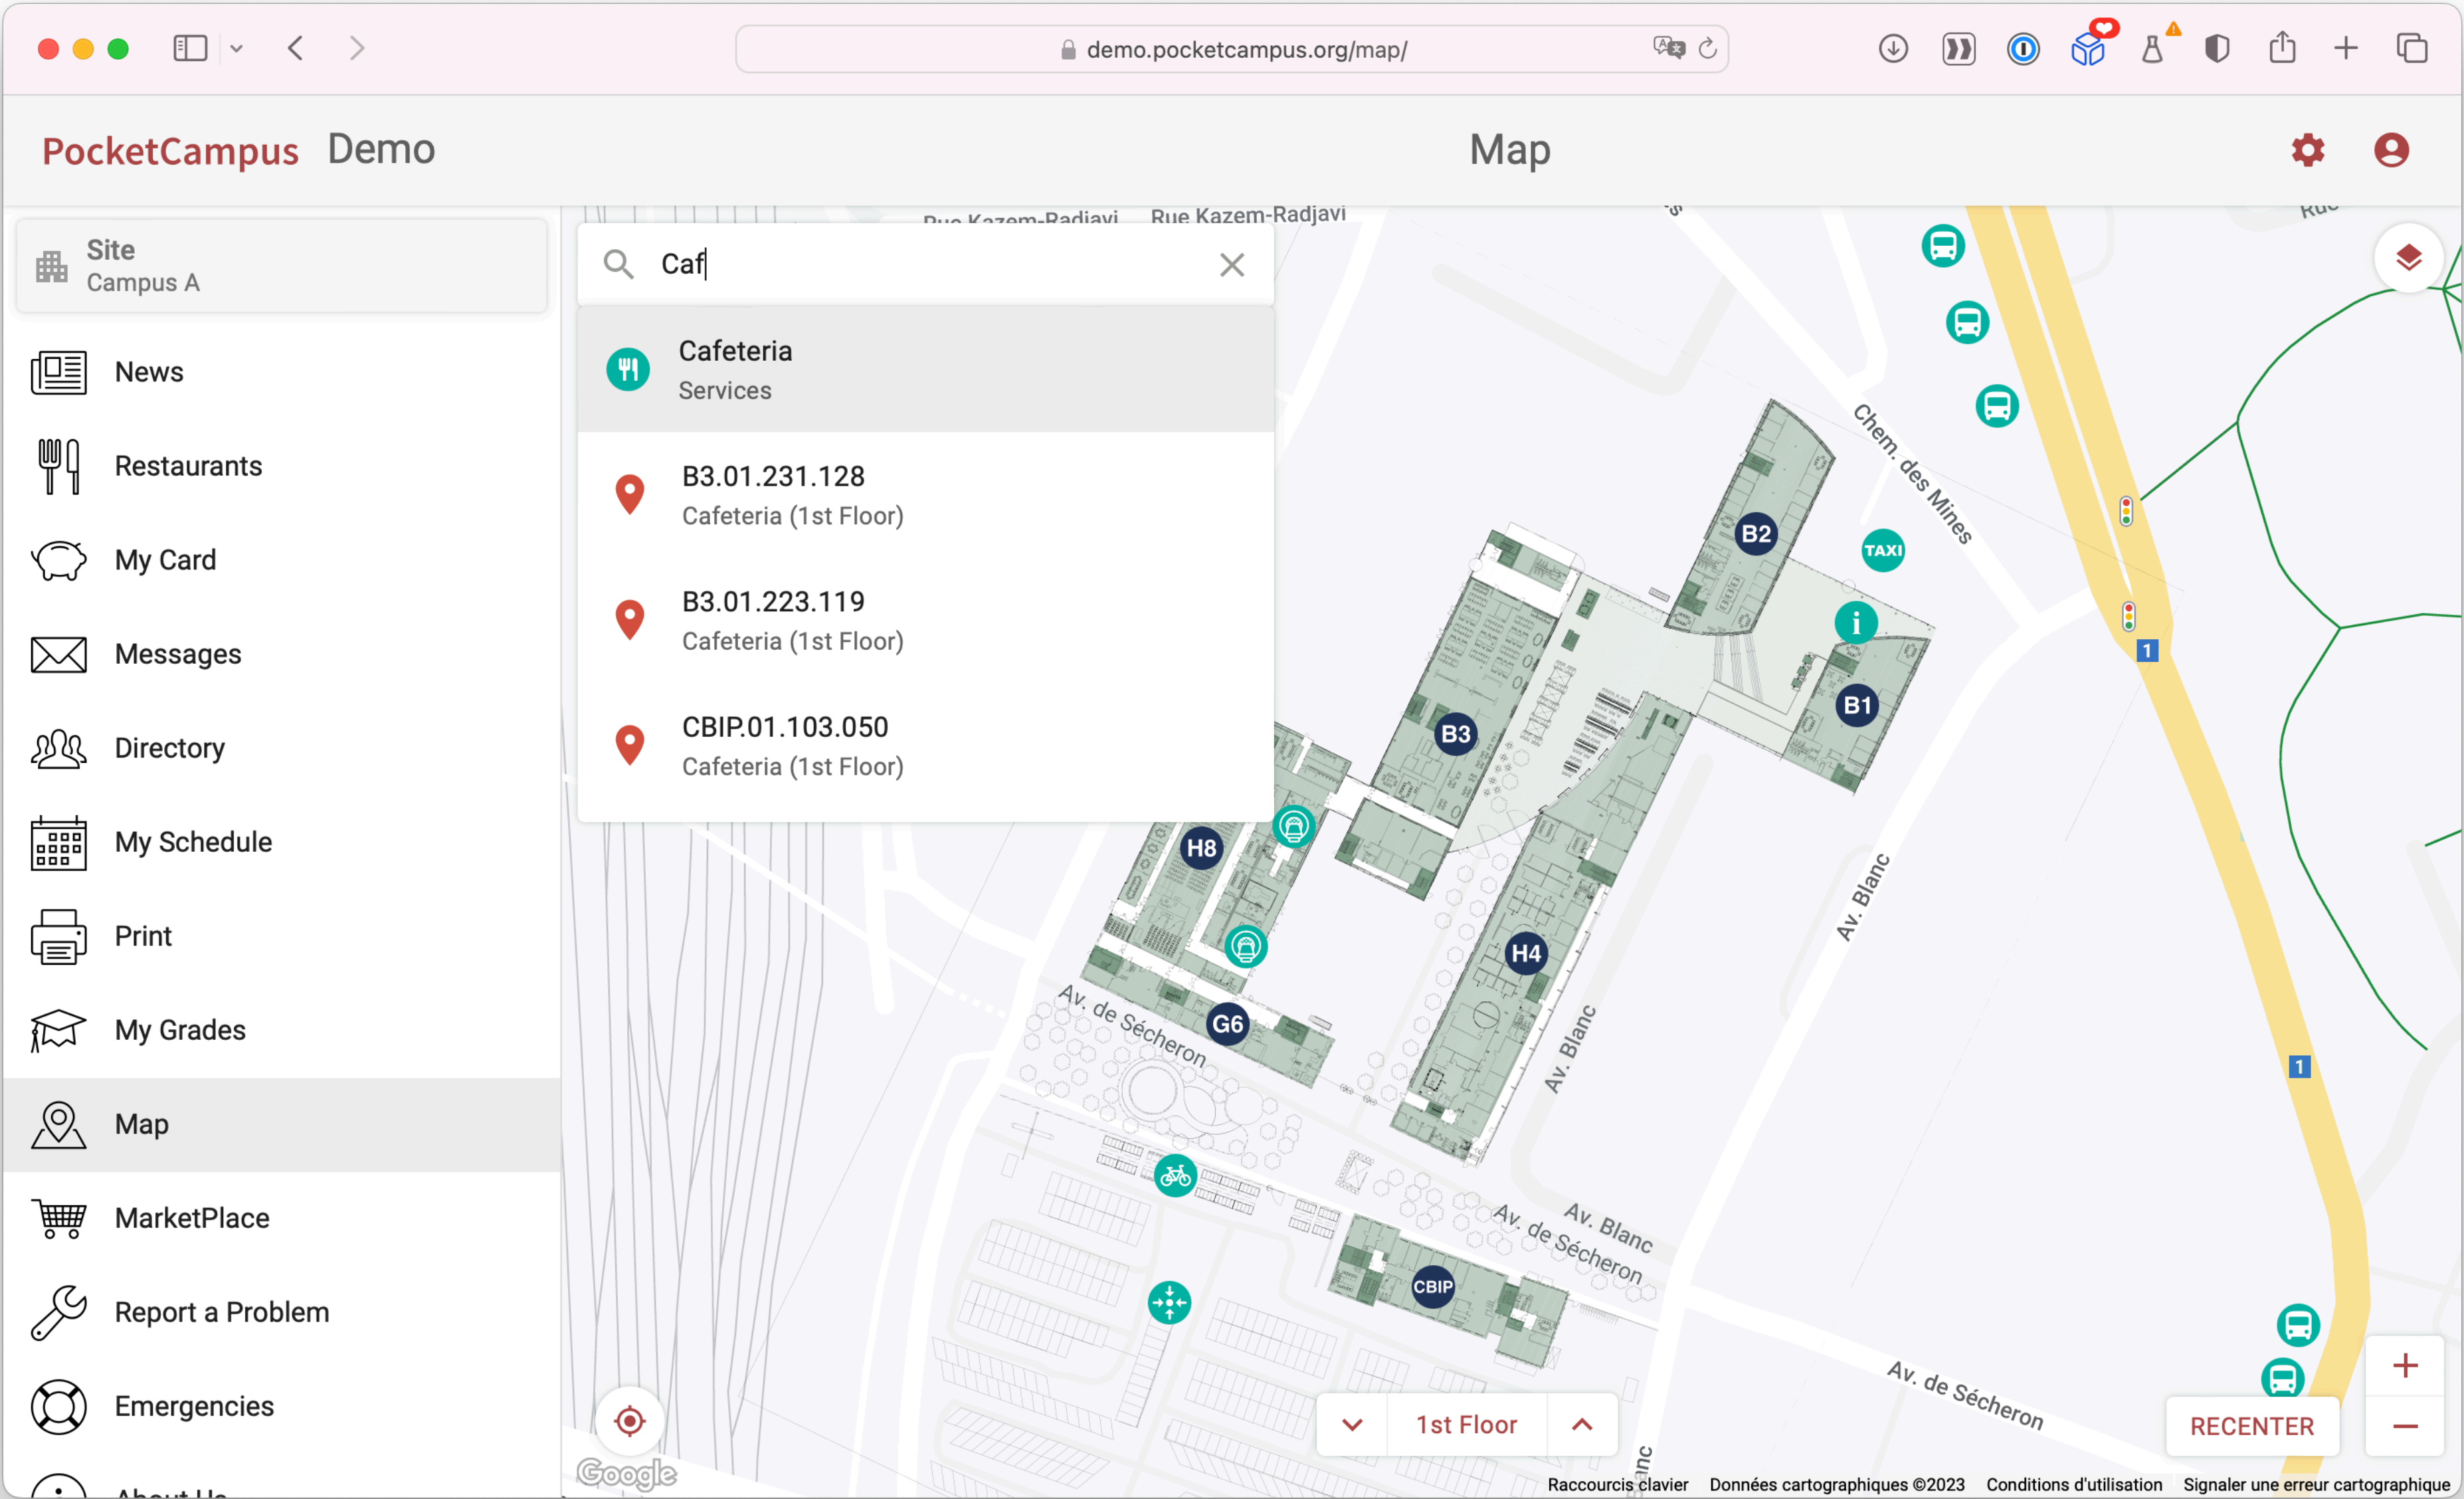

# The PocketCampus Platform

- **On all devices**
  - iPhone & Android
  - iPad
  - Web App
- Single sign-on (**SSO**) with your institution login
- **Multi-site** – specific features & data per site  
(campus / building / location...)
- **Back-office** for administrators
- Support for **multiple languages**
- Dark-mode enabled
- **Cloud** or **on-premise** architecture

Great in a **desktop** browser too!

# Platform

## Branding & Customisation

- **White-label**
- Use your own branding assets (logo, icons)
- Define the **theme color(s)** of the app
- Chose the app **modules names**
- Branding inside the app can change per site/campus/faculty/departement

# Platform Authentication & Security

- Integrate your existing login system(s)
- Login once, access all the features (SSO)
- Supports user-attribute-based permissions
- GDPR and Swiss Data Protection Law compliant

## Integrations

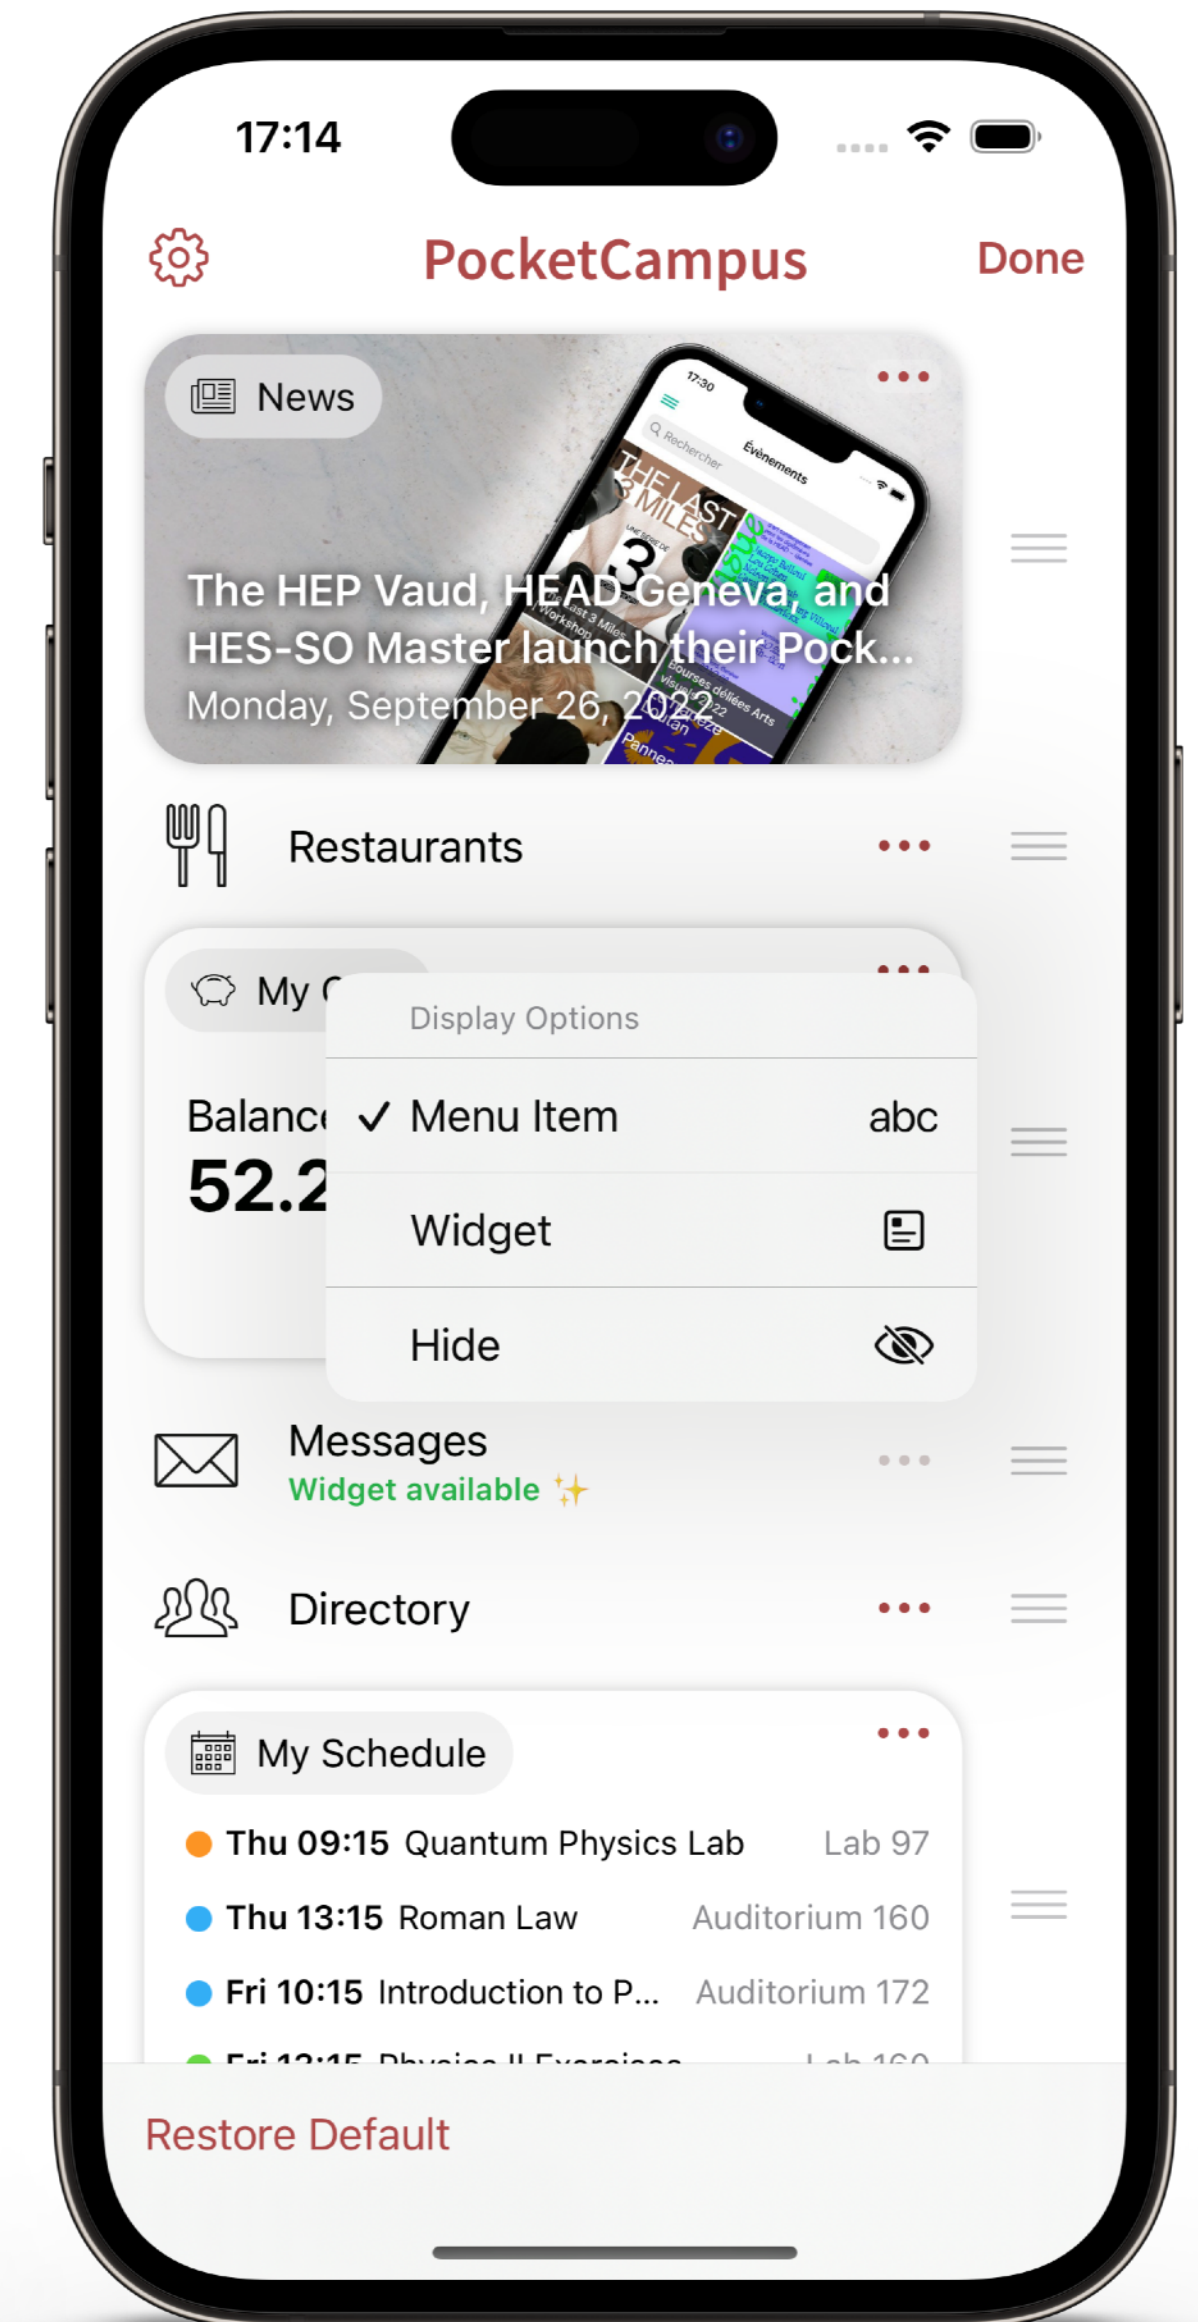

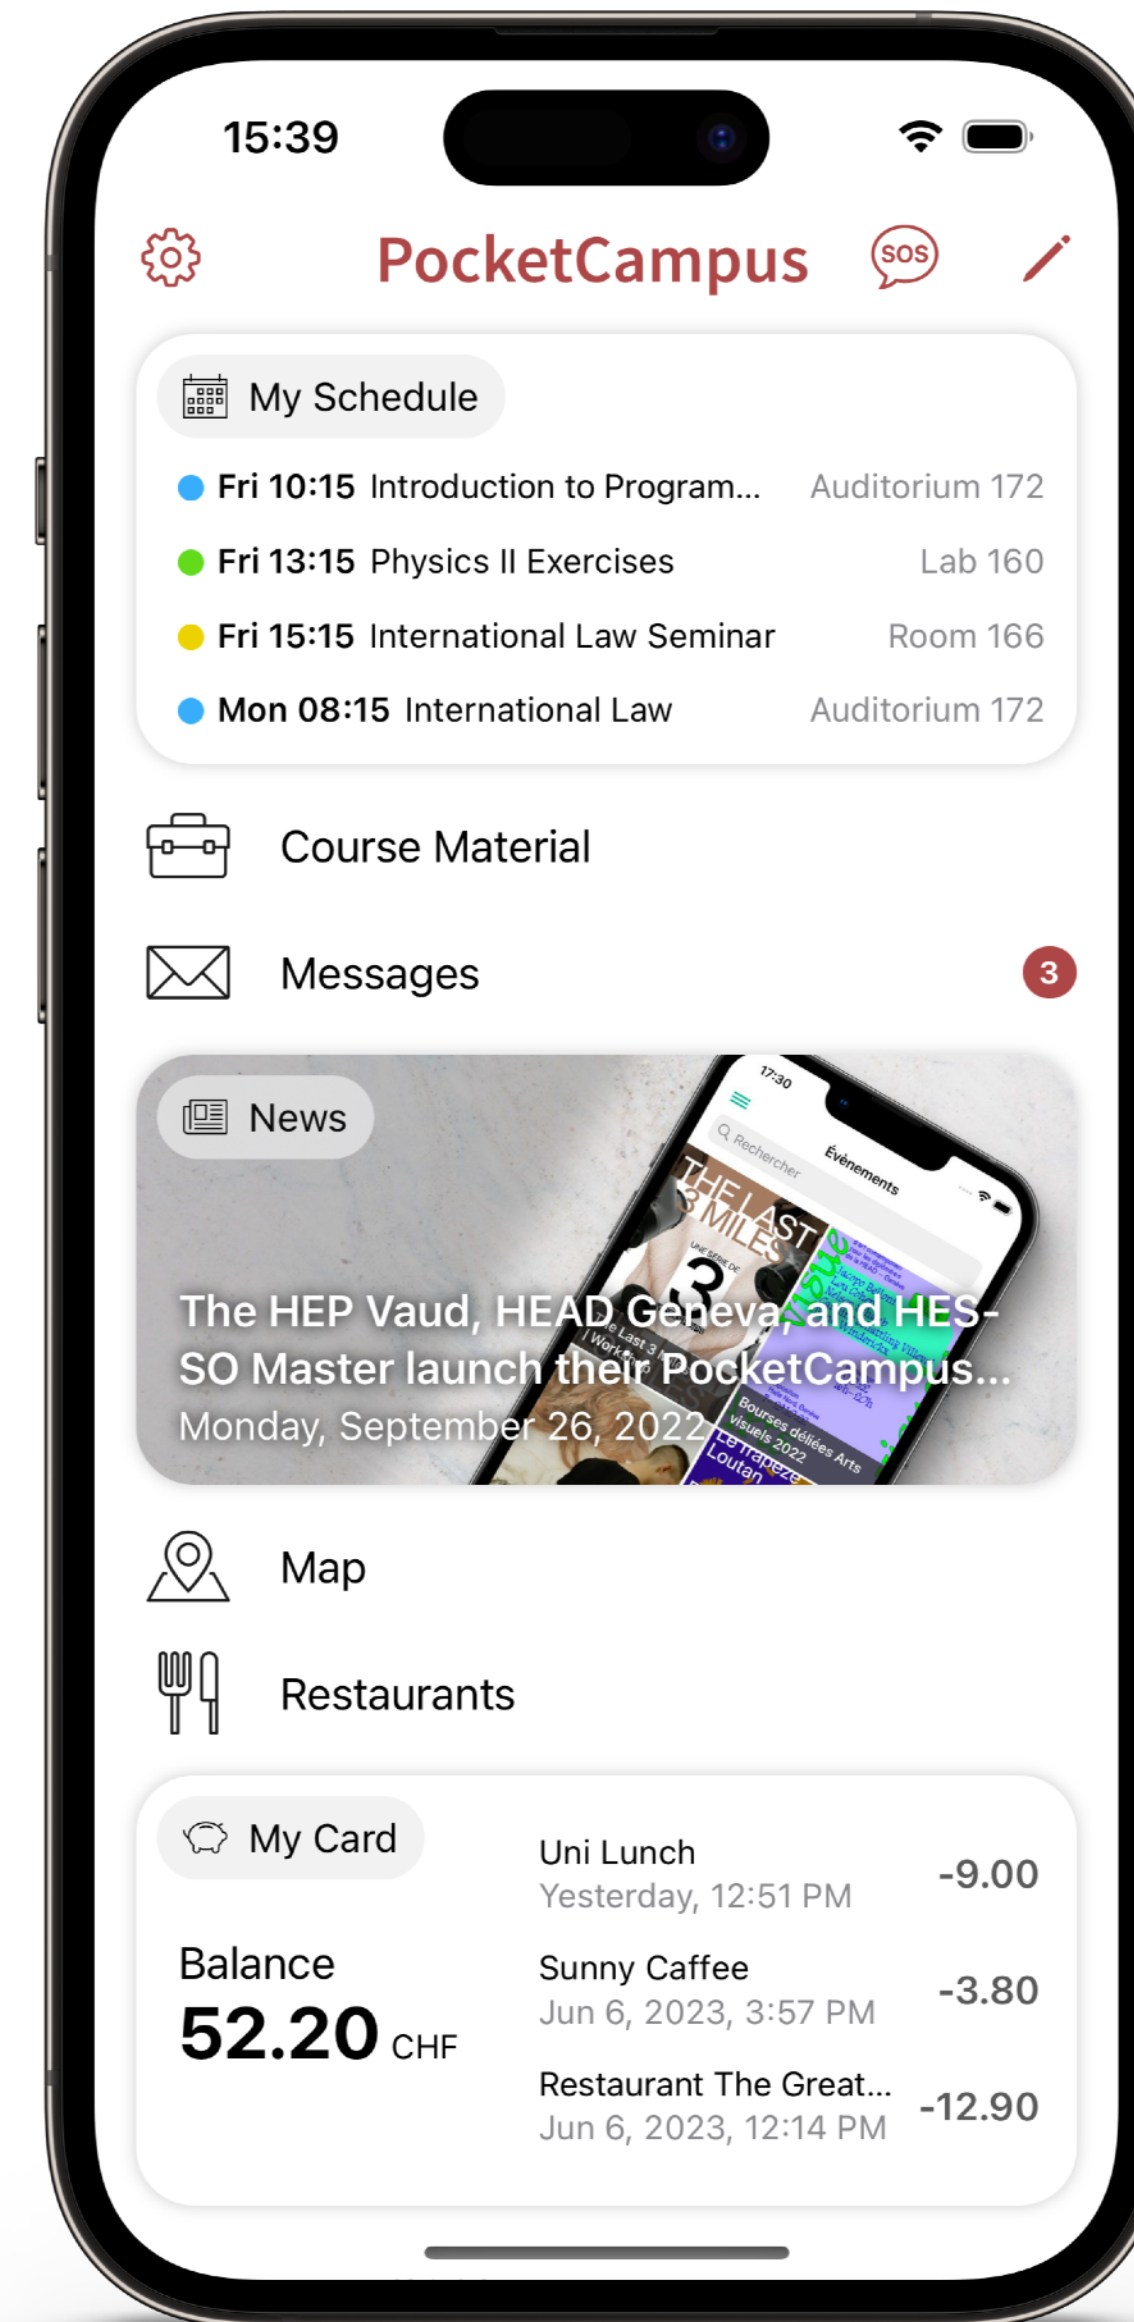

OAuth2, OIDC, Azure AD, local AD, Switch edu-ID

# Platform Main Menu

- **Home screen** of the app
- Entry point to your **information & services** as standard buttons or *widgets*
- **Widgets** are exportable to the phone home screen (iOS and Android widgets)
- **SOS-button** for a one-tap call to your emergency number
- **User-customisable**

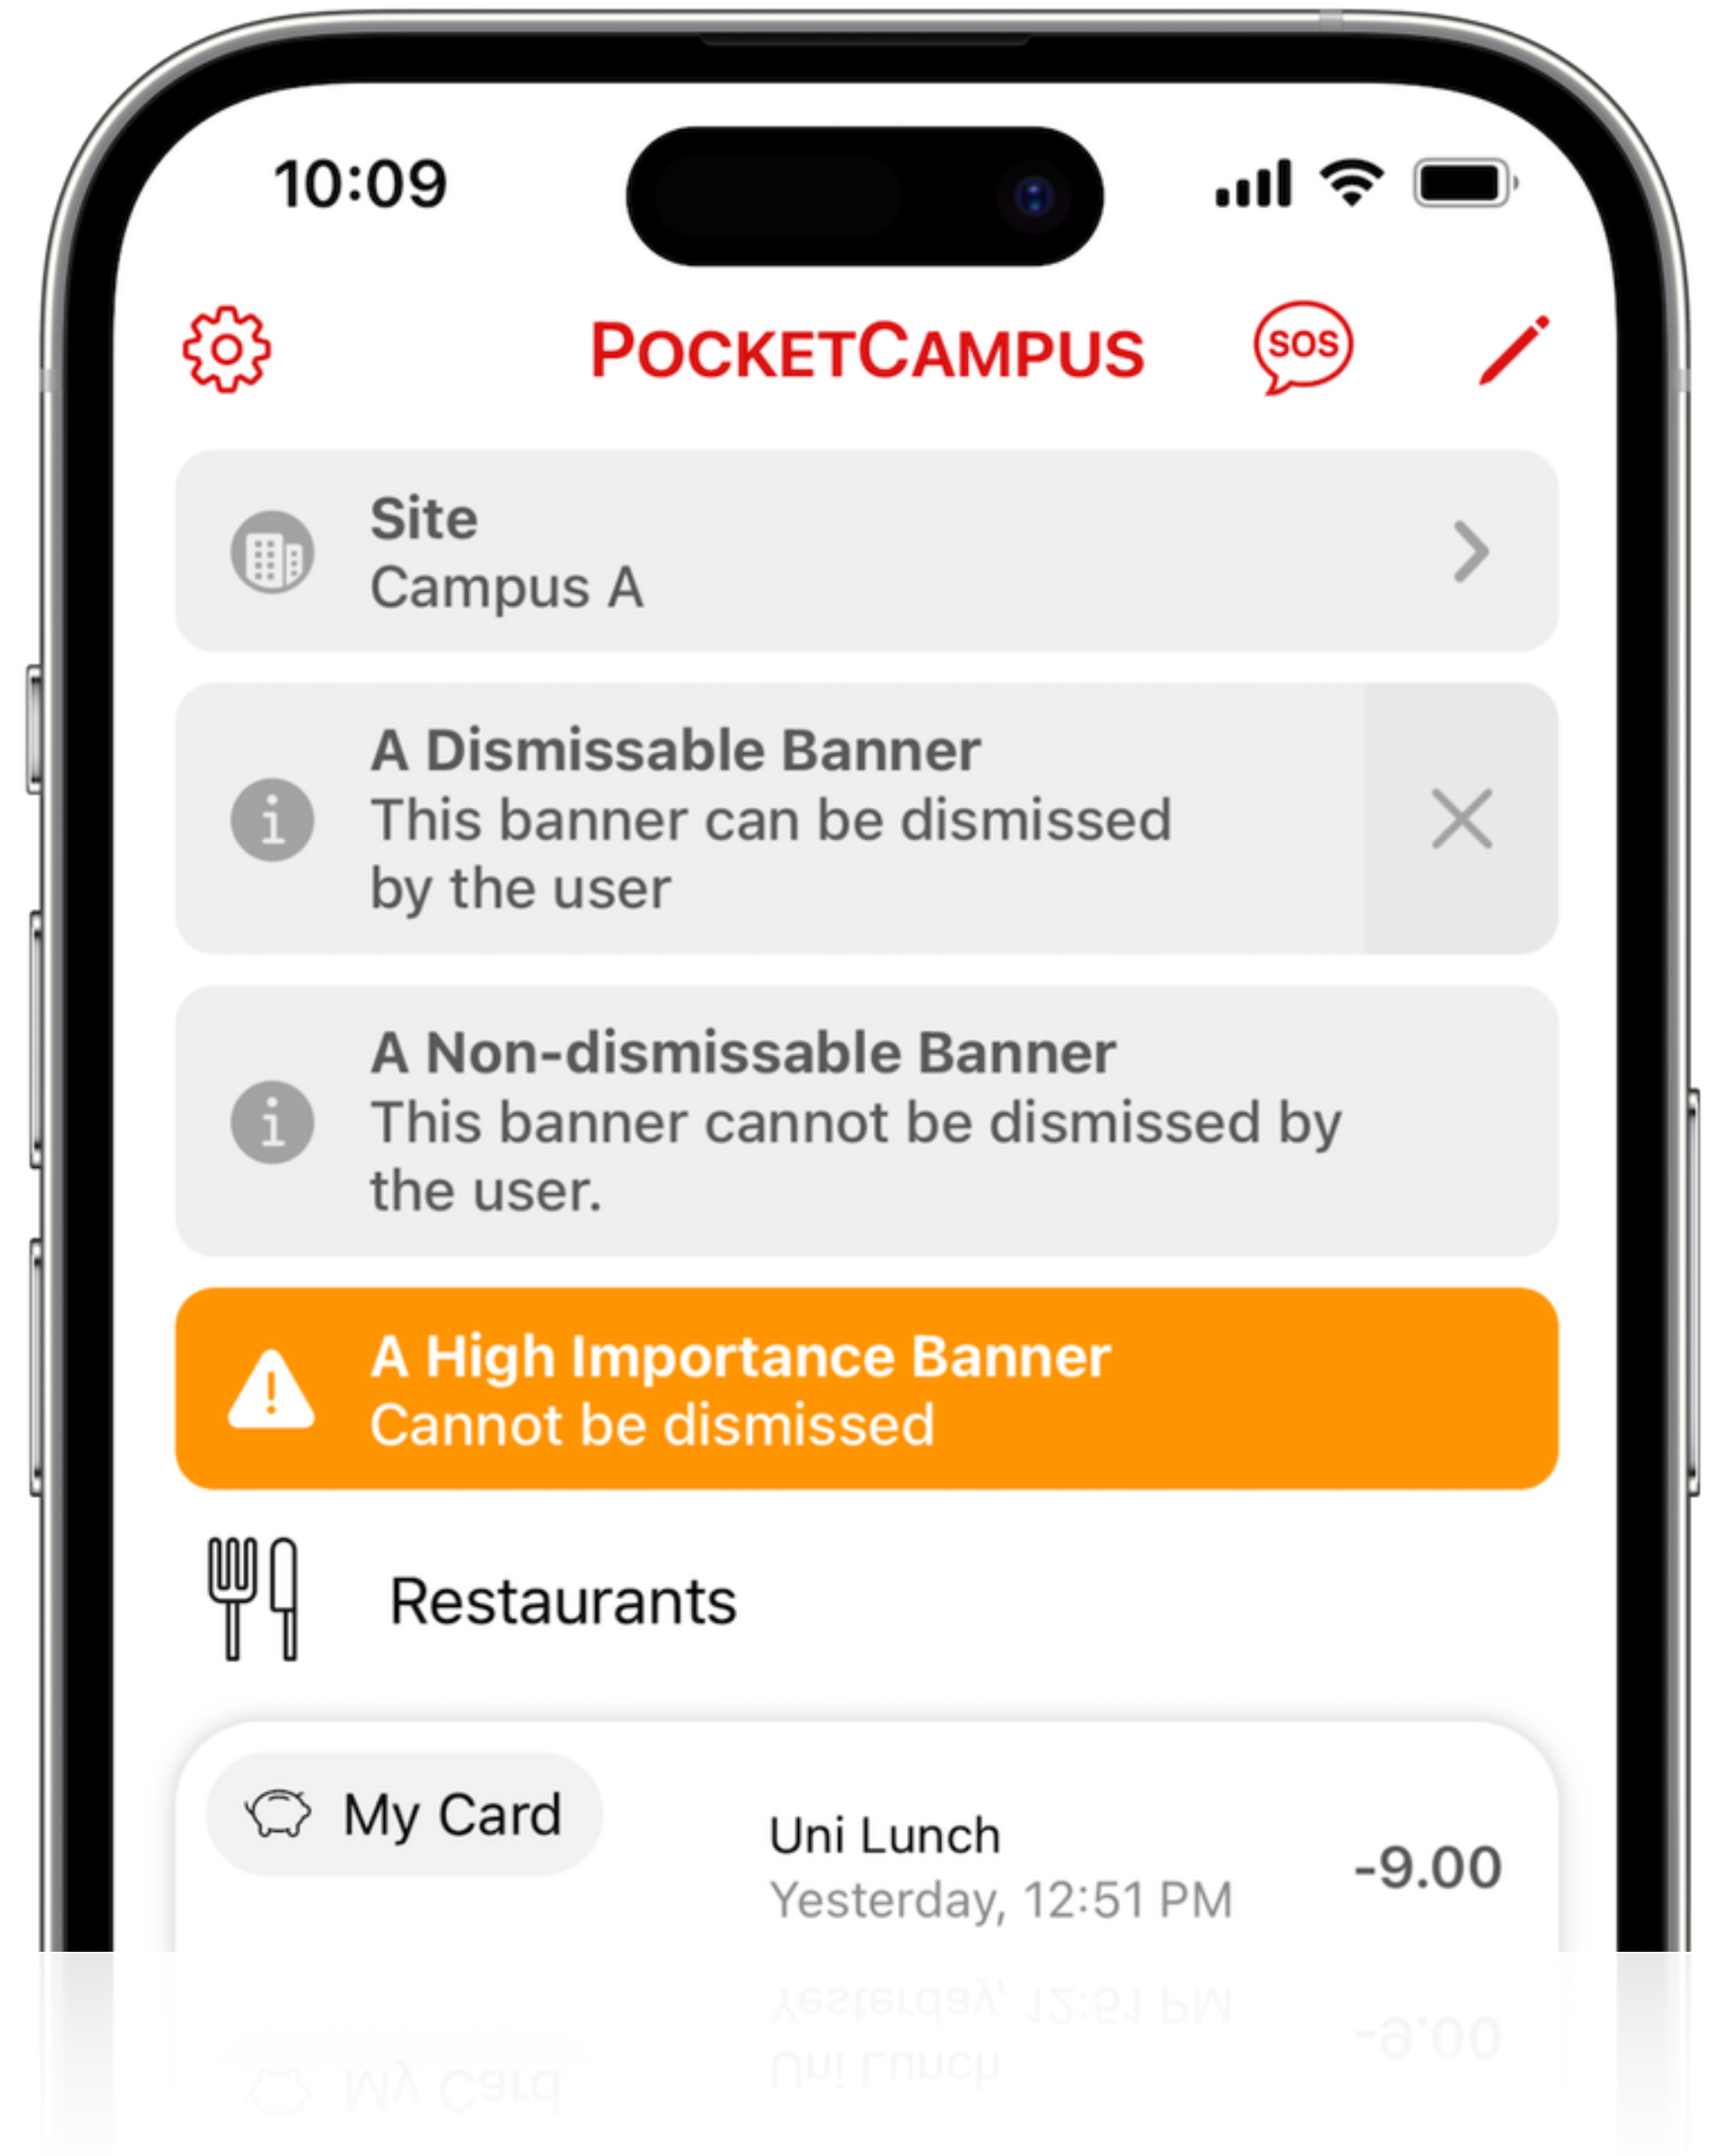

*User Edit Mode*

# Platform

## Main Menu Banners

- Convey information at the top-level of the app
- Multiple styles and behaviours
- Shortcut to information, module, etc.

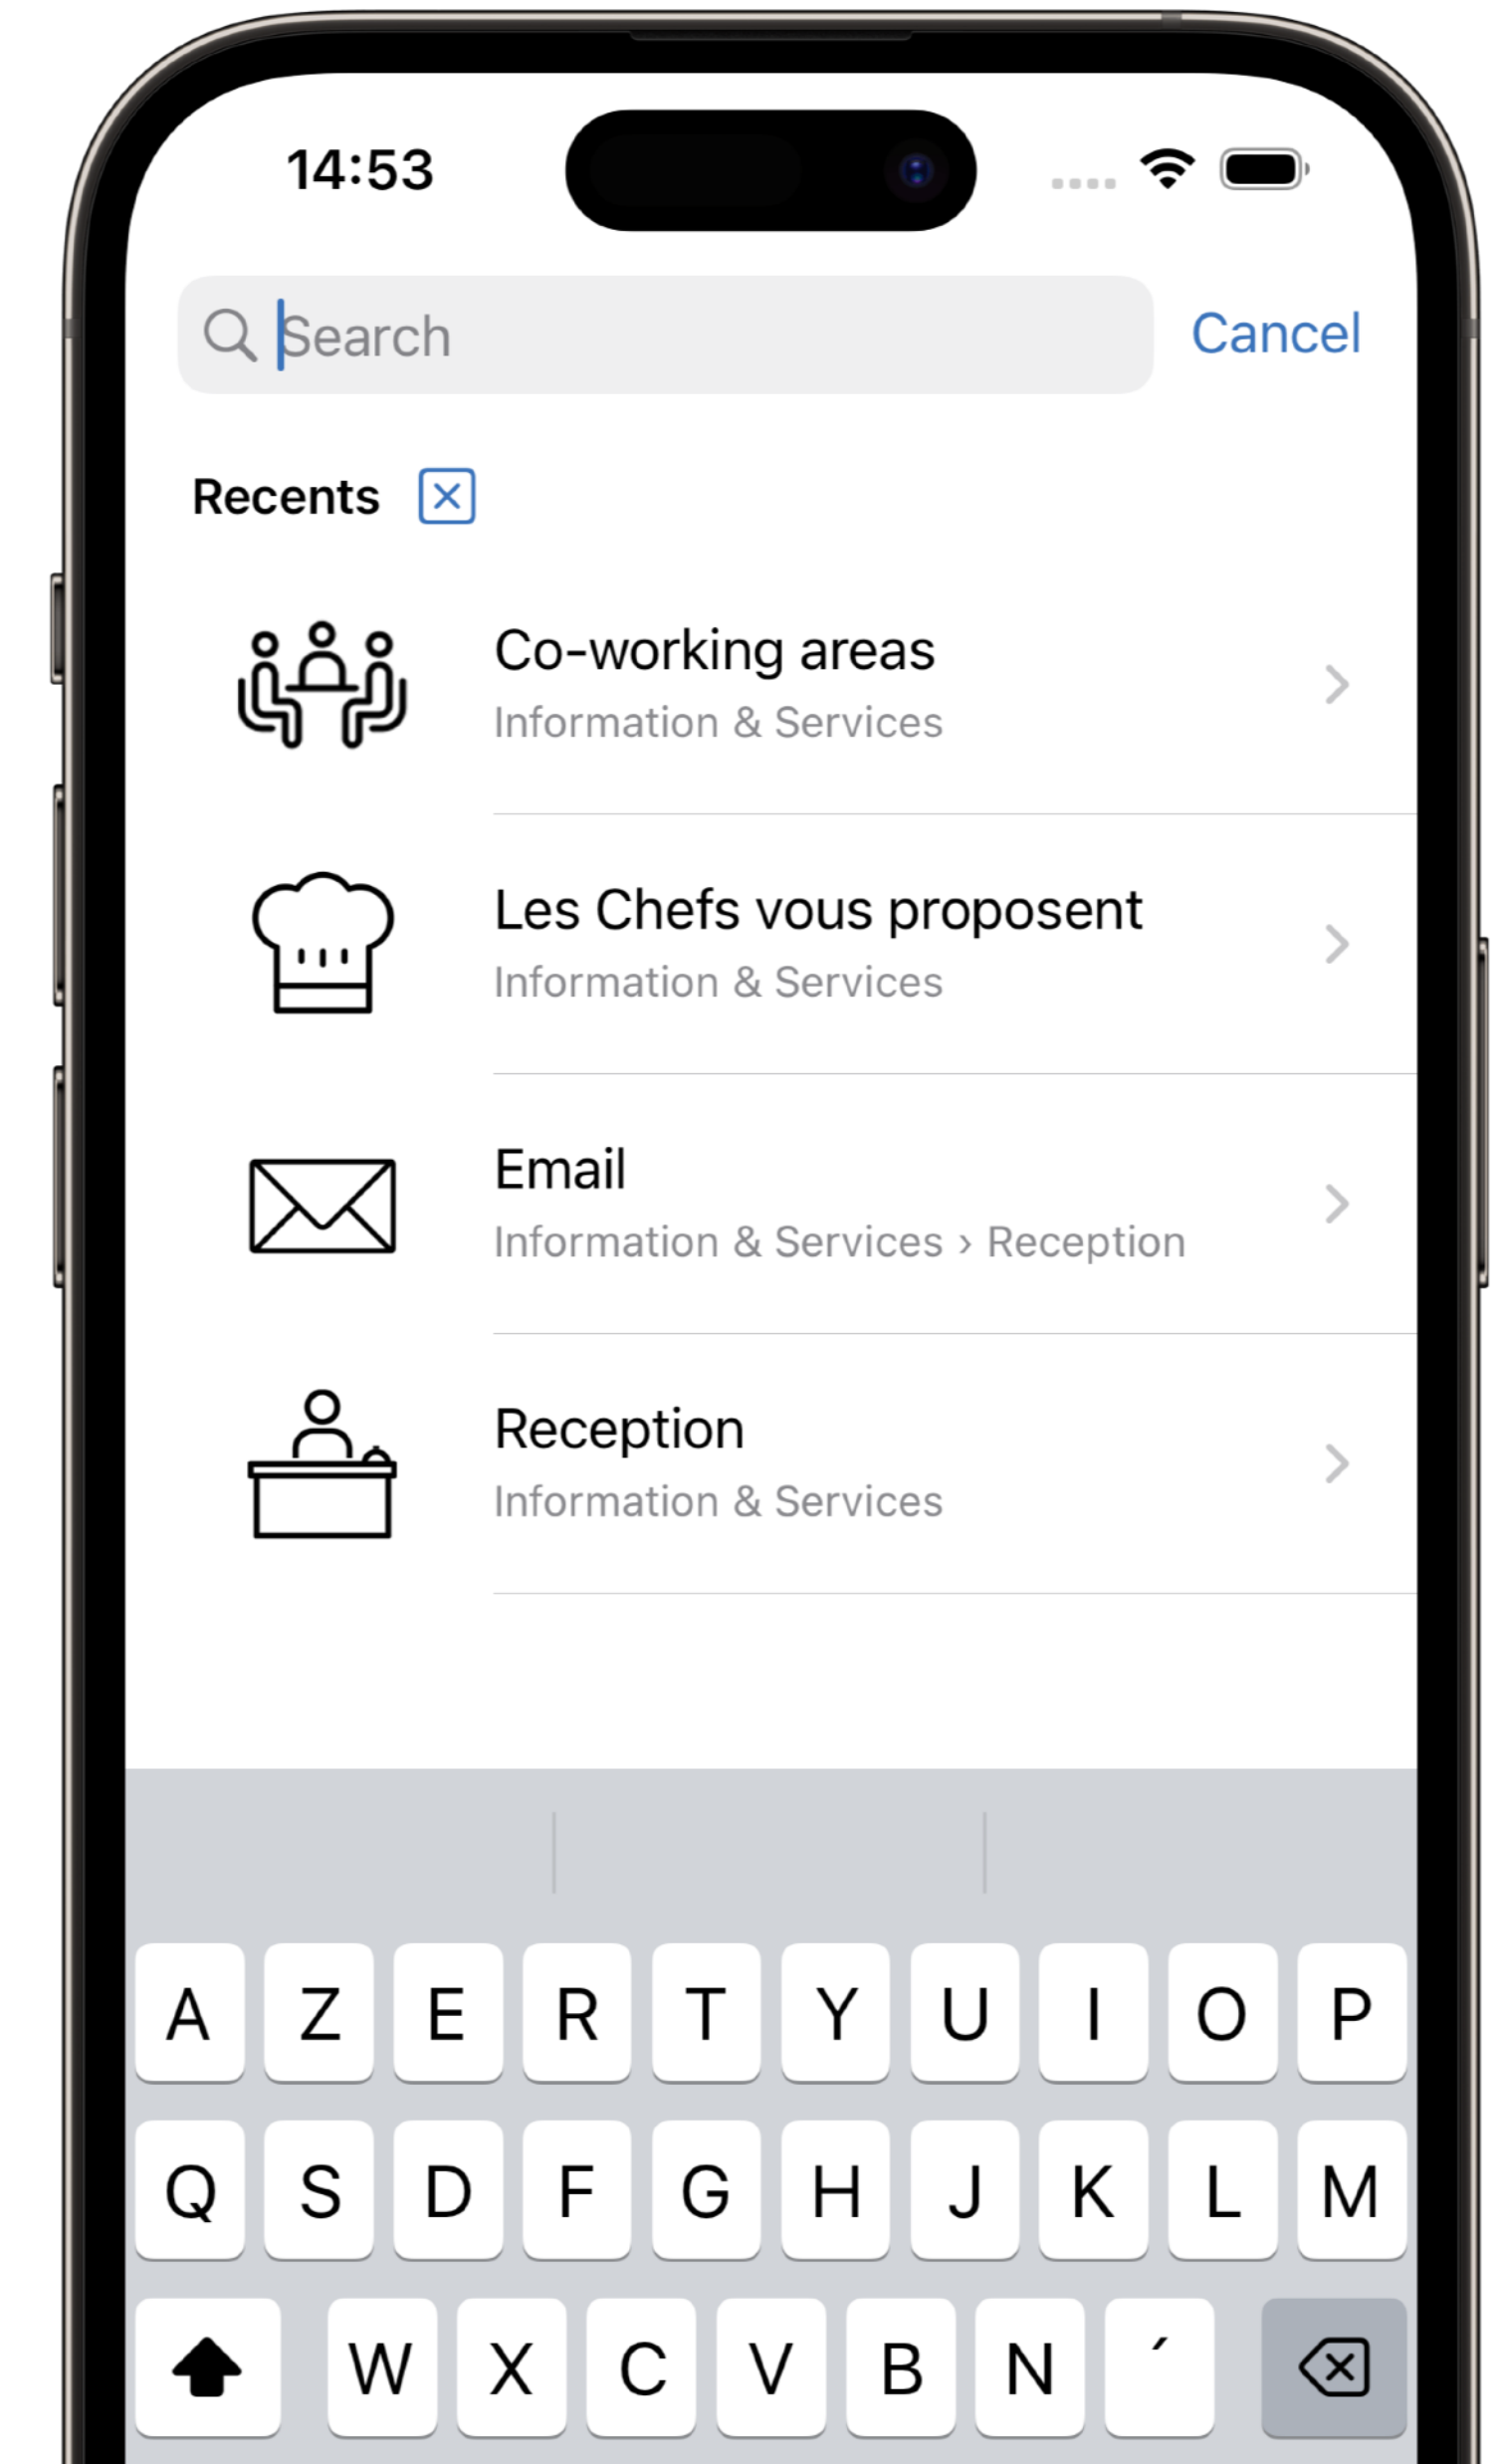

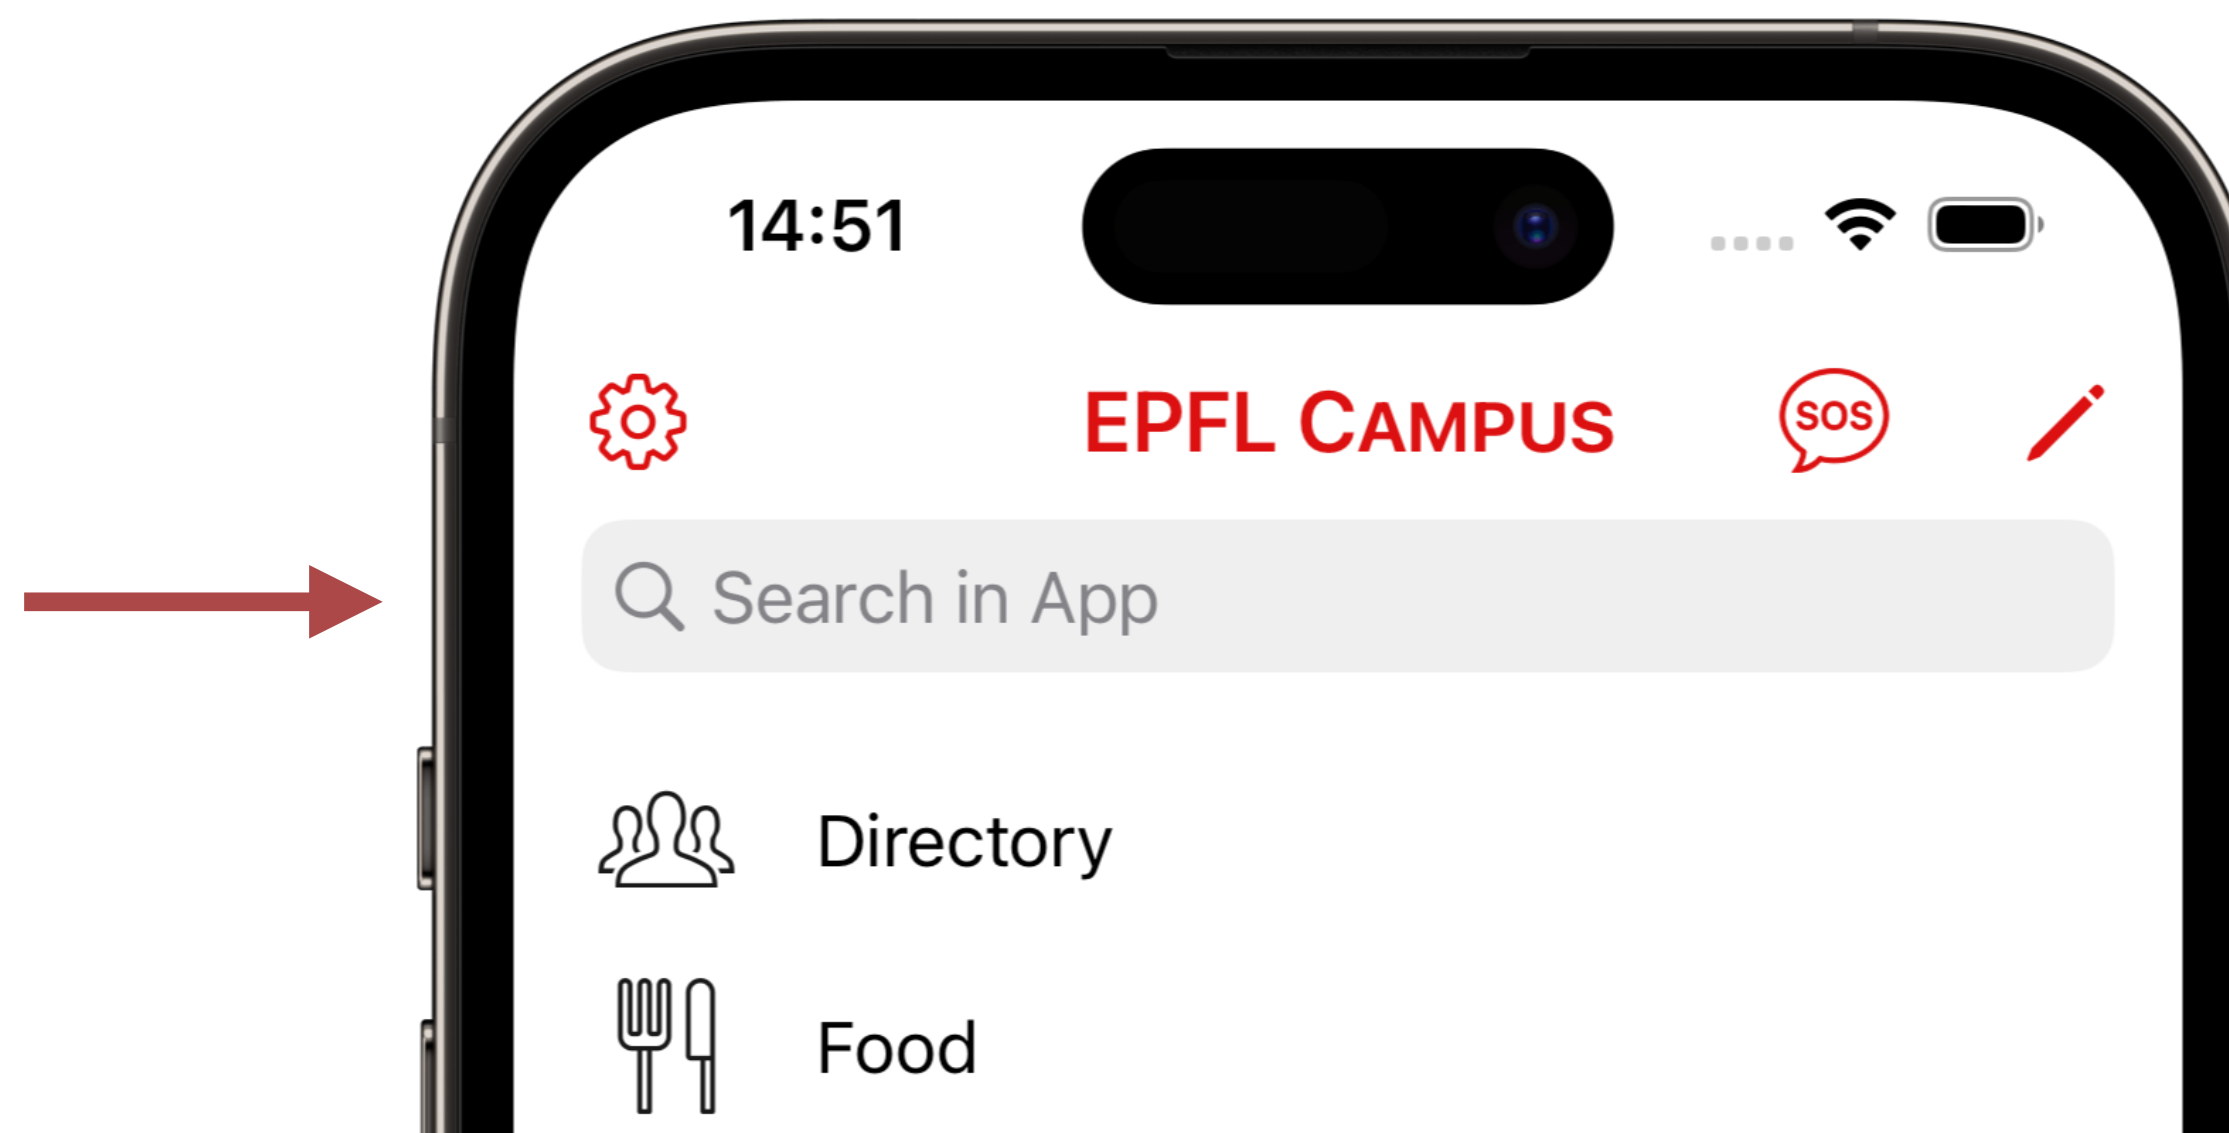

# Platform

## Global Search

- Search bar at the top of the main menu
- **Instant results**
- **Recent searches** are kept for quick access
- Searches in all the indexable content of the app

# Platform

## Emergency Notifications

- Send **notification to all users** of the app in case of fire, evacuation, etc.
- **Loud sound**  
**Even if the phone is in Do Not Disturb mode!**  
We use a special permission for that.
- Multi-lingual
- **Models** for quick sending
- Live stats on the number of devices reached

# Platform Support & Feedback

- Built-in to the app
- Text, attachments
- Opens a ticket for the PocketCampus support team

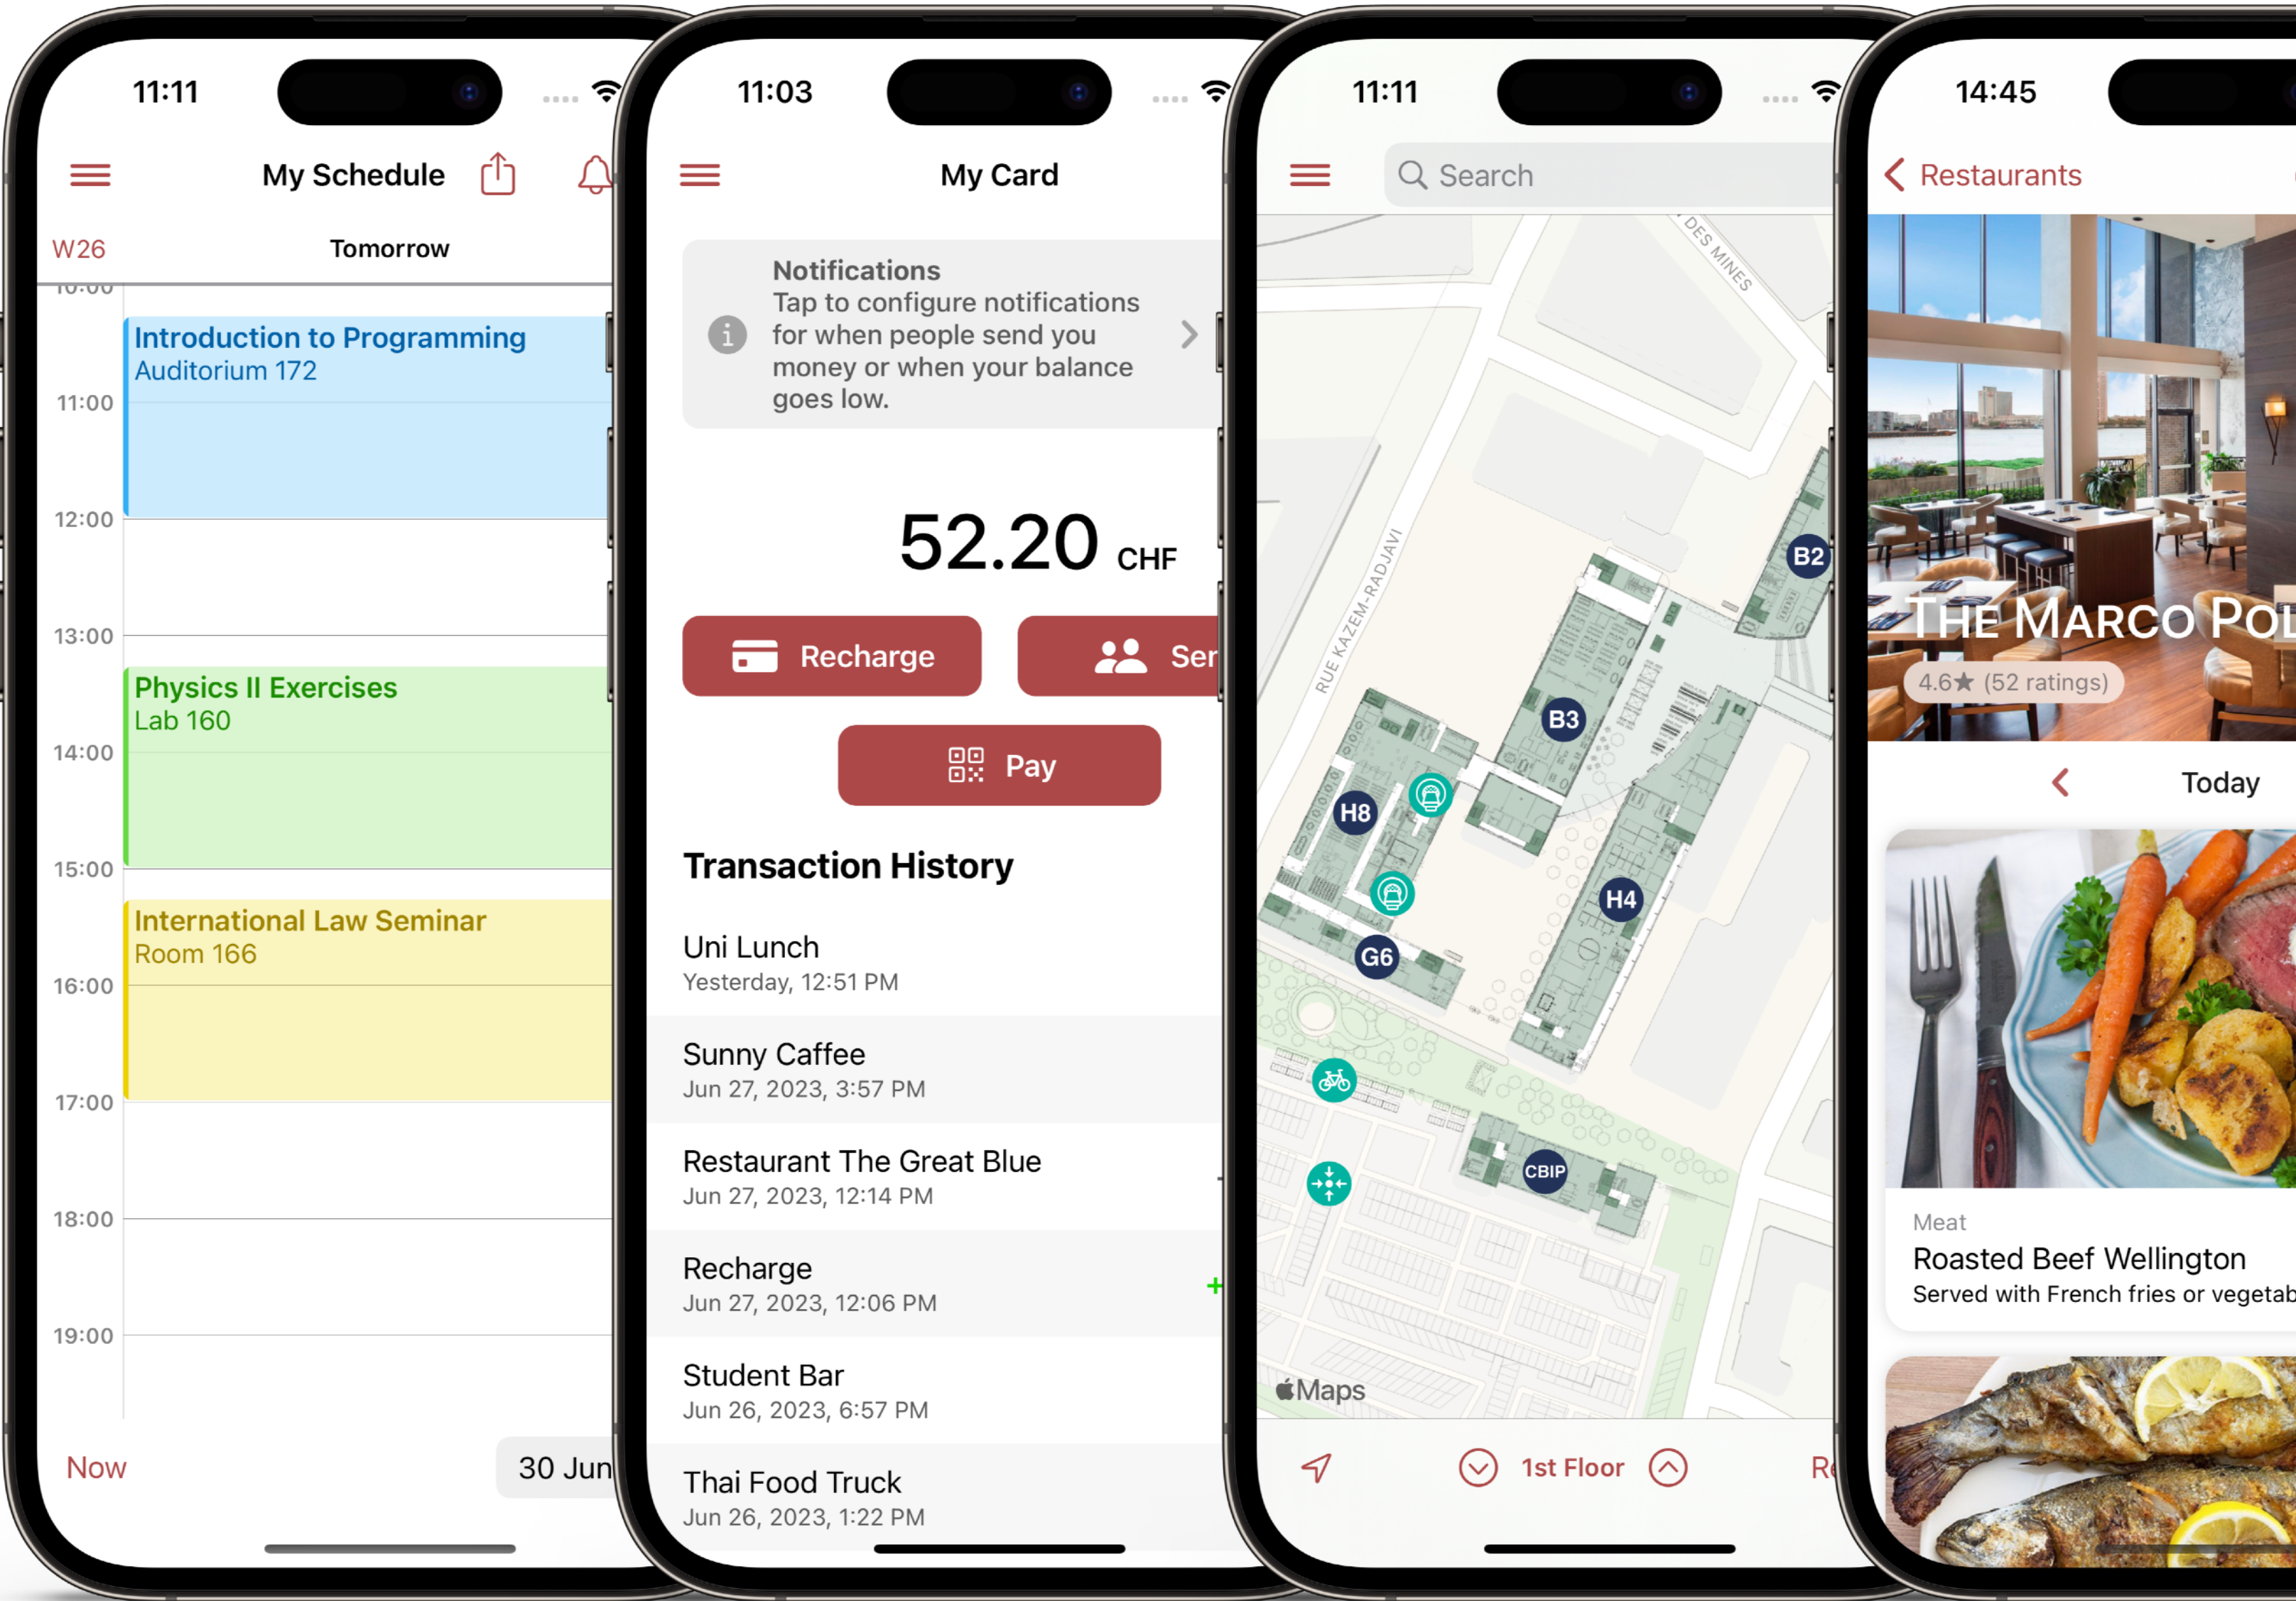

The image shows a smartphone screen displaying the 'Support & Contact' app interface. At the top, the status bar shows the time 11:52 and battery level. The app header includes a blue back arrow and the text 'Support & Contact'. Below the header, the 'Request Type' section contains four options: 'Bug' (red star icon), 'Feature Request' (yellow lightbulb icon), 'Feedback' (blue 'i' icon), and 'Question' (red question mark icon). The 'Title' section has a text input field with the placeholder 'Enter'. The 'Message' section has a larger text input field with the placeholder 'Enter'.

# PocketCampus

## Modules
